Ref. no. 48/19 dated March 22, 2019

LETTER OF RECOMMENDATION

To whom it may concern

This is to confirm that Maksim Kononovich attended the QA Academy Software Testing Basics course from January 22 till March 22, 2019 and successfully completed 80 academic hours of training.

During the course, Maksim mastered the following topics in software testing: introduction into the software testing process, defects description and project life cycle, levels of testing, test documentation, reports and testing strategies.

Maksim showed outstanding abilities required for successful work in the field of software testing.

We recommend Maksim Kononovich for probation period and further employment in the position of a Junior Tester. We are sure that Maksim will make the best use of his professional skills and personal qualities to contribute to your company's success.

QA Academy Director   Yury Anushkin
